

M'KINLEY WILL NOT GO TO CLEVELAND

THE PRESIDENT ELECT POSTPONES HIS VISIT.

The Banquet to Be Given to Mark Hanna in That City Will Not Be Honored by the Presence of the President Elect—Ohio, Official Figures.

Canton, O., Nov. 13.—Secretary of the National Republican Committee William M. Osborne of New York arrived on an early train Thursday. He came from the eastern metropolis with National Chairman Hanna as far as Alliance, twenty miles east of Canton, where the Cleveland line diverges. Mr. Hanna continued to his home in the Forest city. Mr. Osborne, who has been in the McKinley campaign for more than a year, spent several hours in a private family room with Major McKinley.

Then the president-elect was photographed with the Grand Army of the Republic committee, who received the confederate delegation in Canton. This finished, he chatted with friends in the library and at 2 o'clock went to lunch with Mr. Osborne. The postponement of the run to Cleveland next week, which has been decided upon, will not allow Major McKinley to be at the banquet to be tendered Chairman Hanna Monday.

Cleveland, O., Nov. 13.—National Republican Chairman M. A. Hanna, accompanied by his wife and daughter, have arrived home from New York. Mr. Hanna expressed himself as well pleased with his New York visit and also is gratified at the interest being taken in the project to commence at once the financial fight of 1900.

Gen. Palmer Writes a Letter.

Washington, Nov. 13.—Senator Palmer, the candidate of the gold democrats for president, in a letter on the result of the election says: "Springfield, Ill., Nov. 9, 1896.—The Hon. Horatio King, Washington—My Dear Sir: I am greatly obliged to you for your letter of Nov. 4, 1896, and accept your congratulations not only for myself, but for the whole country. I adhere to my maxim that the American people can always be trusted, and the rights of the people are safe with the people. Yours, very sincerely, JOHN M. PALMER."

Ohio Official Count.

Columbus, O., Nov. 13.—The official count of the vote in Ohio has been made public. Major McKinley's plurality is shown to be somewhat smaller than was announced in earlier dispatches. The tables show he received 527,925, while Mr. Bryan received from democrats and populists 478,547. The other four candidates for president received 10,834 votes, so that McKinley's majority is reduced to 38,561. His vote over Bryan was 49,398.

Silver Men to Keep Up the Fight.

Washington, Nov. 13.—Senator Cockrell of Missouri has returned to Washington. The senator was a member of the executive committee of the silver league which organized the fight that carried the democratic convention for silver. The senator, when asked if the silver fight was to be continued, said: "We will keep up the fight, of course. We will make it from now on as we have in the past."

Surrender South Dakota.

Sioux Falls, S. D., Nov. 13.—The republicans surrender the state to the Bryan electors by about 400 majority, but do not give up the state officers, although they are willing to admit that the state ticket ran ahead of the electoral in all Bryan strongholds.

Bryan's Victory in Nebraska.

Omaha, Neb., Nov. 13.—Returns are practically complete for the vote on president in Nebraska. Mr. Bryan's plurality in the state is under 13,000, and will likely remain there. Eight counties are still to be heard from on governor.

Electoral Vote in Kentucky.

Louisville, Ky., Nov. 13.—The official count in Kentucky shows twelve republican electors and one democratic elector chosen.

Queensland Bank Deficit.

Brisbane, Nov. 13.—The government committee of inquiry into the state of affairs of the Queensland national bank reported a deficit of £2,436,000, of which £1,183,000 are regarded as being lost beyond recovery. It is said, however, that with economy and a reduction of the rate of interest paid to depositors the management ought to be able to extinguish the remainder of the deficit, amounting to a little more than £1,255,000, within fourteen years.

China Rejects American Bids.

Pekin, Nov. 13.—The Tsung-Li-Yamen has received a secret edict appointing Sheng Taotai director-general of railways and granting him permission to construct the Hankow-Canton-Souchow lines. Native material must be employed as far as possible on the Hankow line, but foreign engineers may be engaged. It is said that the American syndicate tenders for this work have not been accepted.

FARMERS ON DINGLEY BILL.

Send a Message to Congress on the Subject of the Tariff.

Indianapolis, Ind., Nov. 13.—The first business to come before the farmers' congress Thursday was the memorial address to congress. The memorial, as adopted, says that the farmers' national congress is not a political party organization; that the recent election for president and representatives in congress has for a time settled the question that "the most ample protection" shall be extended to agricultural products, in common with those of other industries. The memorial suggests a number of changes in the Dingley tariff bill, among them being the striking out of the "skirting clause," which originated in the tariff bill of 1890. It also asks for the passage of a bill proposed in a memorial prepared by the National Wool Growers' association at Washington in 1895, in aid of sheep husbandry. The memorial says it is the desire of the farmers' congress that after March 4, 1897, the president shall call an extra session of congress to meet at the earliest practicable time to enact a protective tariff law. The memorial protests against delay. Ex-President Harrison was introduced and addressed the body at length.

TEMPERANCE WORKERS BUSY.

The Twenty-Third Annual W. C. T. U. Convention Opens in St. Louis.

St. Louis, Mo., Nov. 13.—At the headquarters established in the Lindell hotel Miss Frances E. Willard, the president, kept her officers busy all day Thursday completing arrangements for the twenty-third annual convention of the National W. C. T. U., which convened today for a five days' session. The unusually large attendance of delegates and visitors to the convention has surprised the W. C. T. U. workers of St. Louis, who have sent out an appeal to the public asking aid in caring for the strangers during the week they are to be here.

The board of general officers has decided to send Mrs. Clara C. Hoffman of Missouri on a three months' tour along the Pacific coast for the purpose of lecturing and organizing societies. The condition of the work was found to be at the lowest ebb in the west, the south having shown great improvement this year.

Wreck a Train in Order to Rob It.

Montgomery, Ala., Nov. 13.—Train robbers held up and caused the telescoping of the 2:30 a. m. train from Louisville on the Louisville & Nashville road Thursday morning. Three persons were seriously injured. John Thwait of Atlanta, bound for Dallas, Tex., was the most seriously hurt. Two other passengers were pinned under the smoking car and only after a half hour's hard work were rescued. Bloodhounds have been set on the trail by the railroad detectives, but as yet no clew has been obtained. The damage will be fully \$50,000.

National Grange.

Washington, Nov. 13.—The second day's session of the national grange was devoted to hearing reports and discussions upon them. The report of the grand lecturer stated that the depression in agriculture throughout the country had not been conducive to great success in the lecturing department of the grange. A resolution was adopted expressing sympathy with ex-Congressman Hatch of Missouri, and commending him as a friend of farmers and farming interests.

Both Prelates May Suffer.

New York, Nov. 13.—According to a private dispatch received here, Cardinal Gibbons, as well as Archbishop Ireland, has incurred the displeasure of Rome. How the cardinal will be disciplined is not definitely known, although it is believed that, being a cardinal, he will not be removed from his see. This much, however, is certain, that it has been decided to impose upon the cardinal a coadjutor decidedly of the conservative school.

Joseph B. McCullagh Seriously Ill.

St. Louis, Mo., Nov. 13.—Broken by overwork and made sick by a malady which gives the gravest concern to his friends, Joseph B. McCullagh, editor of the Globe-Democrat, and originator of the interview for newspaper purposes, lies helpless at the home of his sister, Mrs. P. P. Manion. His physician said, when asked about him, that he feared Mr. McCullagh would never again be able to resume his editorial work.

MONROE'S DOCTRINE IS RECOGNIZED

THEORY IS THE CONTINENT'S SAFEGUARD.

Lord Salisbury's Action Is of Far Greater Importance Than the Settling of the Venezuelan Boundary Question—The President's Position—King Oscar Is Cautious.

London, Nov. 13.—The St. James' Gazette publishes a leading article headed "An Historic Moment," in the course of which it says: "Lord Salisbury's great admission of the principle that the United States has the right to intervene in frontier disputes of the American powers and to compel the disputants to arbitrate altogether transcends in importance the question of the Guinea boundary. It is a formal recognition of the hegemony of the United States on the American continent, and gives the president a position in the new world which the mediaeval popes and emperors tried vainly to claim in Europe."

Washington, Nov. 13.—But one point—a matter of detail and not of merits—remains open between the United States and Great Britain in the settlement of the Venezuelan question, and the cablegrams passing between London and Washington give every reason to believe that this point, which has delayed the formal affixing of signatures to the arrangement of settlement, will be determined within a day or two.

KING OSCAR IS CAUTIOUS.

Declines to Say Whether He Will Act as an Arbitrator or Not.

Stockholm, Sweden, Nov. 13.—A request for an expression of opinion upon the part of King Oscar on the peaceful settlement arrived at between the United States and Great Britain and as to his majesty's willingness to act as the fifth member of the court of arbitration was conveyed to King Oscar, and his majesty sent the correspondent the following reply: "The king not having received an official communication regarding the arbitration, he is unable at present to make a statement on the subject."

It was explained that while his majesty has expressed his willingness to the Swedish minister at Washington to act as an arbitrator, as proposed, his majesty must receive a formal official request to act before he can give his consent; but there is no doubt he will agree to act.

Paris Is Astonished.

Paris, Nov. 13.—The Temps expresses itself as being greatly concerned at the "enormous extension of Monroeism involved in the Anglo-American entente," adding: "It confers upon America the right to settle any difference between an American state and a European power without the authority of the American state interested. This is a big innovation in international law, and endows the United States with absolute supremacy in their hemisphere. It must be a bitter pill to British pride to consent to this." In conclusion the Temps expressed a doubt as to whether Europe will accept this agreement as a precedent.

CHARITIES CONFERENCE.

Dr. Arthur E. Reynolds Presides Over the Gathering at Springfield.

Springfield, Ill., Nov. 13.—A state conference of charities and corrections is being held here under the auspices of the board of commissioners of public charities, with a limited attendance. The conference was called to order by Dr. Arthur E. Reynolds, president of the board of charities, and he was subsequently made the presiding officer by vote of the delegates. Governor Altgeld made a brief address in which he explained the object of the conference and expressed the hope and belief that much good would result from it. Dr. Reynolds then delivered an address in which he told what the state was doing for its unfortunates and touched upon the subject of caring for dependent children. The best place for them, he argued, was not in orphan asylums, but in farm homes, as far as practicable.

Discredit the Ireland Story.

St. Paul, Minn., Nov. 13.—Among those in this city who are generally well-informed as to Catholic affairs the story of disciplining Archbishop Ireland is laughed at, being spoken of as the concoction of those who were on the defeated side in the recent election.

Gives Away Her Winnings.

Louisville, Ky., Nov. 13.—Mrs. Mary Shreve Ransom, Louisville's richest woman, won \$3,000 on McKinley's election and \$1,000 on the recent contest for mayor in this city, and today she announces that the winnings will be turned over to the needy poor.

UNCLE SAM'S PLANS TO MEET ATTACK

TROUBLE WITH SPAIN IS ANTICIPATED.

Washington Authorities Call Upon Railroads For Information as to Their Facilities For Forwarding Troops—Naval Officers Are Sanguine—Sherman Not Apprehensive.

Washington, Nov. 13.—The War Department has called on the leading trunk line roads running to Key West, New Orleans, and the other gulf ports for an immediate statement of their capacity to move troops, supplies, and heavy war material.

The information demanded is complete to the most minute detail, and embraces such questions as: "If you are required to move 5,000 troops over your lines with necessary equipments and supplies, how long after notification will you require to perform the service?" Caution as to secrecy is imposed on all roads called on for information.

MERELY A NAVAL PROMENADE.

North Atlantic Squadron Could Handle Spain's Whole Fleet.

New York, Nov. 13.—Around the mess tables of the white battle ships of Uncle Sam now quartered in the navy yard in Brooklyn, the feeling is one of distinct satisfaction. The only portion of the navy which would be pitted against the Spaniards is that represented by the North Atlantic squadron. In case war is declared the naval solons think that the North Atlantic squadron would simply swoop down upon Cuba and drive the vessels of the Spanish king from those waters. The Spanish navy is in such a weak condition, according to the naval officers at the yard, that it would not be necessary for Uncle Sam to call upon any of his war ships in European or Asiatic waters.

Sherman Is Not Apprehensive.

New York, Nov. 13.—Senator John Sherman said he did not believe there was the slightest danger of a war between the United States and Spain, and approved the course of the administration in preserving neutrality with friendly nations.

TARIFF LEGISLATION.

The Dingley Measure and Possibility of Action Affecting It.

Washington, Nov. 13.—The more the question of action by the senate on the Dingley bill is discussed the less the prospect for its passage. While there is a necessity for an increase in the revenue, and that at as early a day as practicable, the disposition is not to put upon the statute books another tariff law, as a merely temporary measure, which is certain to be unsatisfactory, and for the repeal of which there will be an urgent demand as soon as it is passed. The chief objection to the bill from the standpoint of the republicans is that it collects its revenues by the ad valorem method, instead of specific revenues, and invites a continuation of the frauds upon the revenue system which it is believed are being practiced under the present law. The bill increases the present rates of duty on most articles 100 per cent.

Pool to Control Nuts and Bolts.

Pittsburg, Pa., Nov. 13.—The Commercial Gazette says: "After many futile attempts the bolt and nut manufacturers of the country will organize a combination better known as a selling pool. The preliminary arrangements for a selling pool have been completed, and it needs but the ratification of those interested to close the deal, placing the output and price of all the nuts and bolts manufactured in the country in the hands of one man, a commissioner."

FATAL FIGHT AT LEADVILLE.

Strike Results in an Affray in Which Five Men Are Injured.

Leadville, Colo., Nov. 13.—A fight occurred in a saloon at an early hour Thursday, in which five men were stabbed, and one, at least, will die. The injured are: Stephen Frankowitz, wound fatal; Jerry Dormandy, wound serious; Joseph Ansternman, badly cut; John Jaxon, badly cut; unknown man, wound serious.

Fifteen or twenty men were engaged in the affray, which was an outcome of the miners' strike. A party of Austrians, who are employed in the smelters, were followed into the saloon by strikers, who called them scabs. The Austrians resisted this, and a fight began, in which only knives were used. When the police arrived all the fighters had escaped except those who were so badly wounded that they could not flee. The Austrians are union smelter men, but were mistaken by the strikers for non-union men.

Like the Old Way Better.

Indianapolis, Ind., Nov. 13.—A rural free mail delivery experiment is being made in Bartholomew county. There were three postoffices in the densely populated township before the test was begun—Hope, Hartsville and Rugby. Rugby was discontinued during the period of the test. It is late in the day before many of the farmers get their mail, and there is opposition to the system all over the eastern part of the township. The farmers have signed a petition asking that the Rugby post-office be re-established.

French Cabinet Attacked.

Paris, Nov. 13.—In the Chamber of Deputies Thursday M. Miram, radical socialist deputy for Rheims, attacked the government for forbidding the congress of school teachers, while showing weakness regarding the clerical and republican crusade, as shown in the proceedings of the clerical congresses at Rheims. After an acrimonious debate, M. Meline, the premier, demanded a vote of confidence in the government, which was voted by 324 yeas to 225 nays.

Humphrey of Warsaw.

Fined for Carliste Insult.

Covington, Ky., Nov. 13.—When Secretary Carlisle addressed a political meeting here last month eggs were thrown at him, and after the meeting was over insults were shown to the secretary as he went from the Odd-Fellows' hall to the residence of Mr. Helm. Among these insults was one by James Fagin, who threw a lighted cigar into the secretary's face. Fagin was yesterday fined \$20 and costs for this act.

Incriminates a Legislator.

St. Joseph, Mo., Nov. 13.—In the criminal court Thursday a witness testified that Attorney James Moran had given her \$32 to leave the state and not appear in a case. Moran admitted that he had tried to settle the case in that way. Judge Culver instructed the grand jury to investigate the case and return indictments. Moran is a prominent attorney and is a member of the lower house of the Missouri legislature.

Salaries Won't Be Reduced.

Detroit, Mich., Nov. 13.—Thursday's session of the general missionary committee of the M. E. church began with a discussion of the propriety of cutting down office expenses and salaries for the coming year. A proposition was made toward reducing salaries of the committee officials, but after thorough discussion the appropriation for these expenses was increased from the \$26,000 of last year to \$30,000 for 1897.

Was Buying Arms for Cubans.

London, Nov. 13.—The Westminster Gazette says that it is now settled that the defense of Edward J. Ivory, alias Edward J. Bell, the alleged Irish dynamiter of New York, if he shall be committed for trial, will be that he, P. J. Tynan, and the others, had a mission in behalf of an American filibustering syndicate to purchase explosives and arms for the Cubans.

Illinois W. C. T. U. Quarters Moved.

Bloomington, Ill., Nov. 13.—The Christian Temperance Union of Illinois, which has been maintained in Bloomington for a number of years, has been closed, and the work will be carried in by a different plan hereafter. The Watch Tower, the official organ of the organization, will be published in Rockford hereafter.

Again on Friendly Terms.

London, Nov. 13.—The Daily News says that rumors are current of a resumption of diplomatic relations between Great Britain and Venezuela.

HE KILLED HIMSELF RATHER THAN TELL

OCONTO MURDER CASE WITNESS SUICIDES.

It Was Charged That He Hired the Defendant to Commit Murder and Feared That the Facts Would Come Out—Other State Specials.

Jecinto, Wis., Nov. 13.—[Special]—August Poehl, the principal witness in the case of the state against Albert Swanson, who is to be tried on the charge of murder at this term of the circuit court, was found dead in the house of a friend, with whom he was stopping, in the town of Howe, he having committed suicide by hanging. It is alleged that Poehl and his companion hired Swanson to kill Adam Leeschek last April, and it is supposed that he feared that should he appear in court, Swanson might divulge their relations in the affair. The fact that Annie Peterson, also an important witness in the case was yesterday taken into custody at Green Bay and remanded to jail to ensure her presence at the trial, may prove to have had something to do with Poehl's decision to take his own life. It is claimed that Swanson confessed to a woman, who, in turn is said to have told the story to another man.

A Babe Fatally Scalded.

South Wayne, Wis., Nov. 13.—The infant daughter of John Phillips, living in the town of Cadiz, about eighteen months old, fell into a dishpan of hot water, and was scalded so badly that it died in about twenty-four hours. The mother had gone out to a near neighbor's, and left a young girl to wash the dishes. She set the pan on the floor, poured the water in, and turned around to see the kettle away, and the little one fell in.

KNIGHTSTALK OF INCOME TAX

Assembly at Rochester Discusses Various Political Questions.

Rochester, N. Y., Nov. 13.—Free silver is not the only political question before the Knights of Labor assembly. Propositions for a graduated income tax, for a referendum and a declaration against national bank notes, are before the committees of the assembly. On the tariff the delegates are divided, the proposition to reduce the duty on window glass as a blow to the monopoly controlling the production of that article, being the only tariff resolution before the body. There remains no doubt that free coinage of silver at the ratio of 16 to 1 will be a principle of the organization. General Master Work will be re-elected, and an increased staff of organizers will be sent out. The income tax proposal is also likely to be adopted. Government ownership of railways and telegraphs is favored. Sympathetic strikes are condemned, as proved of no avail by bitter experience. The nominal membership of the Knights of Labor is stated to be 300,000, but owing to failure to keep up the dues and other causes, there are now but 120,000 in good standing, an increase of about 16,000 over last year. The assembly telegraphed fraternal greetings to the National Farmers' alliance at Indianapolis.

WEYLER DRIVEN BACK.

Spanish General Defeated in His First Battle with Cubans.

Key West, Fla., Nov. 13.—Weyler has been thrashed the first week out. Cubans have the first victory to their credit for the winter campaign in Pinar del Rio. According to advices received by the steamship Olivette from Havana, Weyler was attacked while encamped in the Gobernadora hills, in Pinar del Rio province, by the Cubans, under Perico Delgado and Perico Diaz. The Cubans surprised the Spanish outposts, and for a time great confusion prevailed in Weyler's camp.

Weyler is said to have fallen back about eight miles. During the retreat the Cubans killed 34 Spaniards and wounded 60 others. Cuban sympathizers here are jubilant, predicting the utter failure of Weyler's attempt to crush Maceo's patriot army.

Business in Better Condition.

Pittsburg, Pa., Nov. 13.—The American Manufacturer says in its weekly review of the iron and steel trade: "Although reports of the coming revival are greatly exaggerated in many instances, there is undeniably a better condition of things. At the same time, it is too early to look for a big jump in any line of the trade. On the whole, the situation is about as it was last week, with more assured prospects and more willingness to do business."

LEAF TRADE LIVELY SINCE ELECTION

BETTER MARKET CONDITIONS
ARE NOW SHOWN.

The Shipments Have Been Fairly Liberal, and Quite a Number of Transactions Have Been Reported—No Boom Is Anticipated But a Steady Revival Sets In.

Local market conditions improved somewhat since the general election and transactions in cured leaf are on the increase, says The Janesville Leaf. No boom has come or is expected, but steady improvement is confidently expected. In the eastern markets an improvement is reported and it is thought that the better times will reach this market ere long. A better and more helpful feeling exists than has been manifested for many years, and the opinion prevails that we are about to enter upon an epoch of business prosperity. The doubt and inactivity of ante-election days have given place to confidence and prospective activity.

Some Sales Reported.

Among the transactions reported are: 70 cases '91 fillers sold by S. B. Heddles; 200 case of export sold by Rudolph Haviland & Son; 80 cases '95 filler sold and 40 cases old goods bought by Soverhill & Porter; 1,300 pounds old bundle stock bought by Robert Erler; several crops old goods bought by Mayor Baines and about 100 cases '96 bought by George H. Rumrill. But little interest has been awakened in '96 as yet. A good rain on Tuesday brought the hanging tobacco into case again and doubtless a considerable quantity as taken from the poles preparatory to stripping. Shipments from this market have been fairly liberal during the week.

Erler Buys Many Cases.

Robert Erler purchased over 13,000 pounds of stripping stock since our last report, and now has his basement full of bundles. Mr. Erler has had a stripping force at work almost continuously through the entire year, and will continue the work for some time to come.

Business Is Good.

Rudolph, Haviland & Son report that their sales for the first nine days of this month exceed the sales of the last fifteen days of October, and the latter period was an active one with this firm of hustlers.

Some Minor Gossip.

A. N. Jones shipped three cars of tobacco this week.

Carl Levy, a Chicago leaf dealer, was in this market Monday.

T. B. Earle, of Edgerton, was a caller in this market Friday.

Paul Olson returned Tuesday from a brief business trip to Milwaukee.

F. S. Baines is riding for cured goods in the vicinity of Stoughton this week.

George H. Rumrill shipped a car of tobacco from Evansville to Montreal, Canada Tuesday.

Rudolph, Haviland & Son shipped four cars of export tobacco to the shore this week.

L. Bamberger, a prominent leaf dealer of Philadelphia, arrived in the state Tuesday, and is looking at Wisconsin samples.

Ben. Johnson of Orfordville, was in town Monday and received a box of Harry Handy's cigars, as the payment of an election bet with one of our leaf dealers.

By the terms of an ante-election agreement a prominent leaf dealer of this city, has to wear a plug hat for one year, on account of the election of McKinley. The hat is of the vintage of 1812, and makes quite a show on the streets.

BASES HIS HOPES ON M'KINLEY

An Edgerton Man Whose Family Affairs Need a Little Readjustment

There is a man over in Edgerton who claims he has a license to celebrate every state and national election that the republican party wins, the celebrating depending upon the size of the majorities. Of course this year it was a whopper. It was well along towards morning when the enthusiast arrived home the night the returns were received, and his steps were not the staidest. He was met at the door by his wife and politely informed that he would have to stand on the sidewalk and air out awhile before coming in and in speaking of the affair to his friends the next day he said he wore all the grass off the front yard cooling his heels before he could get in.

"And the worst of all" said he "the next morning she took the children and went off on a visit to friends but in a few days she will learn of McKinley's election and then she will return and things will be lovely again."

INGERSOLL COMES NOVEMBER 16

Will Deliver His Great Lecture on "The Bible."

Rev. Minot J. Savage, the eminent Unitarian divine, who, from his pulpit in Boston, a few weeks ago, paid a glowing tribute to the honesty of purpose and ability of Robert G. Ingersoll, voiced the opinion of thousands of intelligent people. In the concluding portion of his sermon, Mr. Savage says:

"If the Colonel is mistaken in his doubts as to a future life, I do not believe he will be sorry to confess his mistake. If I met him over there I believe his true heart will respond to everything true. As he now admires that which is admirable he will easily flame out into worship and he will be the readiest to confess the limitations of his thought here, and to go about fearlessly proclaiming the truth, earnestly trying to perform his duty, being faithful and true to friendship and love as he is here below."

This from a minister is to be commended as being free from the narrow prejudice which blinds so many worthy people to the integrity of Col. Ingersoll. The Colonel, by the way, will shortly be heard on the lecture platform in this city, when he will deliver his newest discourse on the religious question entitled "The Bible." Monday evening, November 16, is Mr. Ingersoll's date.

ADDRESS BY CHAIRMAN COE

He Gives the Gold Democrats Credit For Good Work

Chairman Coe and Secretary Ewing of the republican state central committee have issued an address to the republicans of the state, congratulating them on the splendid victory which they won at the election. After acknowledging the valuable services of the sound money press and organizations of the state and the work of the speakers employed in the campaign, the address says:

"Last but not least, we mention with earnest approval the great and unselfish work done by the sound money democrats. No one can doubt the patriotic character of their course. Personal advantage and opportunity for preferment were clearly disregarded in their revolt against the heresies and atrocities of the Chicago platform. Their speakers and writers labored with consummate ability and courage for the cause of sound money and good government and not a small part of the great victory which we all rejoice in today, is due to their splendid efforts."

FRED PUETZ IS TAKEN HOME.

Insane Sculptor Leaves for Chicago with the Sheriff.

Frederic S. Puetz, the insane sculptor, left this morning, in charge of Sheriff Appleby, for his home in Chicago. Puetz awoke early this morning. After partaking of a hearty breakfast, he became surly, and Sheriff Appleby anticipated trouble with him. While on the way to the depot, Puetz bowed to every lady on the street, and at the depot he insisted on taking a "special." When the train arrived, Puetz had made up his mind to ride in the rear coach, but finally consented to travel in the smoking car.

Chief of Police Acheson received a telegram from Tillman S. Puetz, the insane man's brother, yesterday, saying to send Puetz to Chicago, and he would pay all expenses.

THE CHOICE FOR U. S. SENATOR

Two Rock County Legislators Answer the Milwaukee Sentinel.

In reply to The Sentinel's inquiry as to the choice for United States senator of republican members-elect of the legislature the following Rock county members have been heard from in addition to those whose replies have been heretofore given:

Janesville, Wis., Nov. 12.—I shall vote for United States senator as I think my constituents desire. Ex-Senator John C. Spooner is generally preferred in this senatorial district.

Beloit, Wis., Nov. 12.—I favor John C. Spooner for United States senator. Absence from town has prevented an earlier reply.

More About That Ladies' Box Calf Shoe

We are selling ladies' box calf shoes in great numbers; one grade that we formerly asked \$3.50 for, that are reduced to \$2.85, a most desirable shoe I every way; and another at \$3.75 that prior to October 15, we asked \$4.50 for. This last shoe is one that seems to cause some of the shoe-selling people in town a little trouble. It's so hard to be imitated either in price or quality; it's far ahead of shoes that other dealers ask you \$3.75 for; in fact, it is what you would pay them \$4.50. Don't allow anyone to tell you they are selling a box calf at \$3.75 that is superior to ours, because it's not so; the fact of our selling for cash enables us to make the low price on so good a shoe. The jackets we offer for \$12.50 range in actual value from \$15 to \$25. Our cape and jacket sale is the opportunity of the year. Bort, Bailey & Co.

The sooner a choice is made from our stock of jackets at \$12.50, the better the chance of a perfect fit, as the sale is attracting much attention. Bort, Bailey & Co.

The easiest way to become convinced that we are making lower prices on shoes by selling for cash than can be made by the credit dealers, is to make a few inquiries. A. Richardson Shoe Co.

SUES FOR \$10,000

IN MONROE COURT

JUDGE BENNETT TRYING INTERESTING CASES.

Rosa Pfister Begins An Action Against Michael Fannigan In Which Janesville Attorneys Are Interested—Laube "Window Glass Suit" Decided—And Appeal Is Likely.

The case of Rosa Pfister vs. Michael Fannigan, is on trial before Judge Bennett at Monroe. The plaintiff alleges to have been assaulted by the defendant, and the action is brought to recover \$10,000 damages. The case was presented to the jury by Colin W. Wright for the plaintiff, and P. J. Clawson for the defendant. Colin W. Wright, J. M. Becker and William Smith appear for the plaintiff, and P. J. Clawson, B. F. Dunwiddie and Thomas Luchsinger appear for the defendant. The forenoon session was taken up by the testimony of the complaining witness.

Interesting Case Decided

An interesting case has just been decided by Judge Bennett at Monroe, the suit being brought to determine the right of the Charles Baumbach Glass company, of Milwaukee to a lien on Charles Laube's building known as the Senate Saloon block in Brodhead. After the taking of testimony was completed, the court instructed the jury to decide in favor of the plaintiff, upon motion of M. J. Jeffris for the plaintiff. It was held that the notice of lien was filed in due time, that glass was in the building, that they had never been paid and their right to a lien was thereby quickly established.

As this decides several other cases of the same nature, it will in probability be appealed to the supreme court and the other cases have been continued awaiting the decision of the higher court.

Cost More Than Contract Price.

The block in question is the finest one in Brodhead. Jacob Steinman contracted to build it for \$9,000, but its cost to Mr. Laube will far overreach that amount, considering the cost of litigation is no item. Before the building was completed Mr. Laube took it from the contractor's hands, who then rendered a bill for his services, making charges by the day. Much of the material used in the building, as well as labor, was left unpaid, and according to law in such cases the sub-contractors look to the owner of the property for a settlement of their claims, and he in turn can hold the contractor responsible. The claimants are required to file a notice of their claims within sixty days after the delivery of their goods, and the defense claimed that this requirement of the law was not complied with.

The Owner Disappeared

It was brought out at the trial, that Mr. Laube disappeared from Brodhead very mysteriously about that time and his whereabouts could not be learned. While many supposed he was sojourning on the Pacific coast he was at Holton, Mich., and he returned in two months. Notwithstanding his absence the notices were filed in the regular form and were sustained by the court.

Mr. Laube claims that Mr. Steinman has been fully paid while Mr. Steinman is equally certain that his claim has never been satisfied. After Mr. Laube pays off the claims against the building, which he must do by the process of law determined in this case, the matter will result in an action between Laube and Steinman, who are now defendants in the lien issues.

FEWER PEOPLE SELL "BELOW COST"

Perhaps This Is Because Customers Are Becoming Suspicious.

It seems to me that we see fewer advertisements nowadays of goods which are claimed to be sold below cost. There are many bargain sales by the big stores, and prices are sometimes cut most terribly to get people to buy, but the phrase I refer to does not seem to be in favor as much as it used to be. The fact is, people are suspicious of merchants who habitually advertise that they are prepared to sacrifice all of their profit and sustain a loss for the dear public's sake and think that they are either making deliberate misrepresentations or expect to make up the loss on something else. Merchants know this and the number who advertise goods "below cost" is growing constantly less. If they have bargains to offer they say so but avoid phrases likely to excite suspicion and distrust—Stove and Hardware Reporter.

Bargains In Stylish Shoes.

We have a \$6 patent leather heavy extension sole shoe for men's street wear with the late coin toe and of this year's stock that we have reduced to \$4.50. A MCKINLEY LANDSLIDE.

As a chilly sort of consolation some of the Bryanites are explaining that a change of only 25,393 votes in nine states would have elected their man. McKinley's election is not so much of a landslide after all, they argue.

Such arguments might be excused, were it not that they might lead people to believe free silver still alive.

While a change of 25,000 votes in nine states might have elected Bryan, a change of 25,000 votes in six states would have made McKinley's electoral vote 337 and Bryan's only 110. That certainly would be called a landslide. Take Bryan's majorities as follows:

States.	Majorities.	Electoral votes.
Florida.....	8,000	4
Kansas.....	6,000	10
Nebraska.....	7,500	8
North Carolina.....	7,000	11
Tennessee.....	7,000	12
Virginia.....	13,000	12
Totals.....	51,500	57

Now, suppose that there had been these changes from Bryan to McKinley: Florida, 4010; Kansas, 3010; Nebraska, 3765; North Carolina, 3510; Tennessee, 5010; Virginia, 6510—a total of 25,815. These changes would have given every one of the six states to McKinley, and, adding their votes to the 280 that he got elsewhere, would have made his strength in the electoral college 337. This shows there is more than one way of figuring.

A BUTTER MICROBE NEXT.

In yesterday's Gazette reference was made to the proposition to bar American apples from Germany. A similar action in regard to butter may be expected. German official figures show a remarkable increase in the imports of American butter. In 1893 only 21,500 kilograms of American butter were imported into Germany. This was increased to 298,000 kilograms in 1894, 375,000 kilograms in 1895 and 398,000 kilograms in the first eight months of 1896—indicating imports of over 430,000 kilograms during the current year. The quantity may not seem very great from our point of view, but the rapid growth of these imports has alarmed the Agrarians in Germany. It is safe to predict, before long we shall hear of the discovery of an American butter microbe by German servants, and the promulgation of sanitary regulations to prevent the spread in the Kaiser's domains of all sorts of dreadful diseases from the use of the product of American dairies! As a restriction to trade German sanitation beats protection all hollow.

Secretary Morton says the prodigal son of democracy who went off with Mr. Bryan into a strange country may sit at the democratic board again after they have washed their hands and may have a little of the vest but cannot be permitted to do any of the carving. This is so much better than anything Mr. Bryan promised the gold democrats that gratitude should abound.

Mr. Bryan is to be in the show business after all. He is president of the Trans-Mississippi Congress, which is to boom the Omaha exposition, and everybody will wish him every success in that undertaking, because everybody wants Omaha's show to be a good one. Here's luck to Bryan as a showman and to Omaha's exposition as a show.

Decency was probably the most potent factor in the defeat of Breckinridge for a seat in the house, and the same influence will be sufficient to prevent any considerable number of republicans members of the Kentucky legislature taking part in the scheme to send him to the senate.

No man is better qualified, by acquaintance with republicans in every

tent men than is Maj. McKinley. He knows then so well that he will make no mistake.

The Bimetallic Union has endorsed Bryan's nomination of himself as the silver candidate in 1900. Unless some wise men are away of the silver question will not again be a national issue.

It is probable that Senators Jones and Faulkner, the men who knew so much that wasn't true, have been for the last time connected with the management of a national campaign.

If Joe Blackburn really wants to fight, by doesn't he tackle some of the Kentucky editors who have been calling him liar, blackguard, and other pet names?

Did it ever occur to some otherwise good and sensible people that to "urge" a man for a place in the president's cabinet is to be guilty of very bad taste?

Nobody north of Mason and Dixon's line seemed to have much faith in a campaign conducted on a rabbit's foot basis.

Dave Hill emerged from the campaign several points ahead of Arthur Gorman, although far in the rear.

Jerry Simpson again sees \$5,000 a year ahead of him, for the two years beginning March 4 next.

Iron Manufacturers Say Reports of Business Are Exaggerated.

Cleveland, Ohio, Nov. 13.—The Iron Trade Review gives the result of correspondence with iron and steel manufacturers in all parts of the country relative to the outlook in the iron industry. In nearly every case the replies note an increase of inquiry and with promise of immediate activity in some lines of finished material. There is a general expression also that 1897 will be a year of large business. But there is as yet no such volume of new business as will guarantee a steady operation of the mills in the near future. Many iron manufacturers in their letters deprecate the exaggerated reports that have been published since they are likely to cause disappointment later to those who have looked for an unreasonably quick recovery from so long a period of depression.

struggle of the Milwaukee retail clerks for Sunday rest, he having been the attorney for the clerks. He made a plea for Sunday rest on the grounds of right and justice as well as from the religious standpoint.

One distinctive thing about the United States; and one thing that drew foreigners to this country; was the fact that we observed the Sabbath said G. R. Leavitt, D. D. of Beloit, who spoke on the subject "Shall We Give Up the Sabbath?" Carelessness and laxity on the part of the Christian people, and the ignorance of our foreign citizens, he said, were the chief factors in the growth of Sabbath desecration, and he made an appeal for the maintenance of the Sunday laws.

The programme for this evening is as follows:

7:30 p. m.—Song.
7:40 p. m.—Patriotic and Humanitarian Object as to Sunday Work and Disruption.

HOT WORK OF A BAD BEE.

Played Sad Havoc With a Fine, Large Trout—Perhaps.

There is an old darkey who can be found any day perched on such freight as may rest on the platform of the little station at S—, up in Maine. He has a cheerful word for every one who will greet him, and was never known to lose his good humor except on one occasion. One morning he was, as usual, perched on a bale of straw, but, instead of whittling at a piece of stick, a habit of his, he sat with his face in his hands, gazing mournfully over the little lake that stretched away among the hills. It was then I noticed that his nose had assumed enormous proportions, almost shutting out his eyes.

"Why, Ike, what's the matter with your nose?"

He shook his head sadly, and inquired if I had a little "baccy." I handed him some, and waited for an explanation about his nose.

"I's neber gwine ter fish no mo', sah—no, sah! neber no mo'; cause dat's whar I's got dat nose, youse see."

"How did it happen, Ike? Tell us; perhaps we can fix you up."

"See dat little neck er-runnin' out past de big mountain ober dar? Well, round dat neck dere's a cove, and dere's as fine er trout stream runs in dere as dey has 'bout dis place. Ise was er-fishin' dere de oder day when Ise seed er big one flittin' by a rock dat's dere. Ise thrashed dat spot by de hour, and dat trout he done come an' look at de fly, an' den—yes, sah, den dat trout laugh at me an' sw'm 'way. I's tried eberyting to ketch him, but 'twant any use. Den Ise grew er-thinkin' what he do round dat stone all de time? So Ise rested very quiet, and watched dat stone. Pretty soon Ise see er bee hummin' 'round close to de water, and near de stone, and Ise seen de trout make er leap for him."

"Dat settled it; Ise just caught er bee an' put de hook in between de wings, where it wouldn't hurt him. Den Ise casted. Yah, yah!—he! he! dat trout he made one leap an' he had de bee; but de fight was awful. He done paid no 'tention ter me, but he an' de bee wuz er-havin' it out—ahnd how dey did fight! Ise got him on de bank at last, and dere's whar my trouble came in. Ise opened his mouth ter get de hook out, when out flew dat bee, and he wuz mad."

"Yes, sah, he just 'been er-waitin' fer me, Ise know, an' he landed plumb on my nose. Youse see de result. But dat's only part ob it. De trout he swelled up de same way. He wuz five pounds when Ise first ketched him, but when he was done swellin' he was too heavy to carry home."

We silently left Ike to continue his mournful contemplation of the lake.—Harper's Round Table.

Afraid of the Czar's Army.

San Francisco, Cal., Nov. 13.—The Bulletin says: "The czar is massing troops in the Vladivostok district, and already has a fleet concentrated in northern waters. Although the Russian government explains that the massing of troops in the Primorsk and eastern Siberia is due to 'exchange of army divisions,' it is learned that in all divisions of Vladivostok there are not less than 112,000 men of arms, which monster army is looked upon as a menace to the peace of Asia."

Outclassed by the Dowager.

Paris, Nov. 13.—The Figaro publishes a letter from the Berlin court to the effect that Prince Bismarck's disgrace is due to the Empress Frederick, who convinced the emperor of Prince Bismarck's fatal policy in relation to Bulgaria, and of the part he played toward the nihilists, culminating in the Russo-German rupture. The letter adds that Prince Bismarck swore vengeance, and hence the disclosures in regard to the secret Russo-German treaty.

There was a \$5,000.00 violin stolen in New York recently. At the trial of the supposed thief several violins were shown costing but a few dollars each, which were painted and shaped to look just like the precious Stradivarius. This was done to fool the jury.

They are doing the same thing with Men's and Boys' Clothing nowadays.

A witness played the instrument and the fraud was at once detected. A little wear will do the same for Men's and Boys' Clothing.

TRAVEL AND TRADE NOT FOR SUNDAY

RADICAL PAPERS READ AT THE CONVENTION.

Sunday Newspapers, Visits, Sunday Rides and Purchases of Food On Sunday Are Severely Criticized By the Writers—The Meeting Will Close Tonight.

Sunday trains, Sunday papers and Sunday mail delivery found no defenders in the Y. M. C. A. auditorium today. They were attacked bitterly and in detail.

Officers were elected as follows: President—Rev. O. S. Charin, Milwaukee. Treasurer—Rev. D. A. Jones, Milwaukee. Field Secretary—Rev. J. E. Davison, Milwaukee. Legislative Secretary—Hon. F. J. Lamb, Madison.

Vice presidents and an executive committee were also named.

The second day of the Wisconsin Sunday Rest Day Association's sixth annual convention brought out a larger attendance than did the first, but the attendance was not large enough to justify the election of officers and the election was postponed until afternoon. The morning was taken up with a symposium "Christian's Sabbath Dangers and Duties." "Shall Christians Buy Meat on Sunday?" was the topic treated by Mrs. D. W. Thomas of Big Bend. Rev. J. O. Davison read her paper, which said that they should not, and she supported her argument on scriptural grounds and on grounds of expediency. She believed it unnecessary to compel meat men to give up their Sundays.

Rev. J. G. Blue of Waukesha, attacked the practice of riding on Sunday trains, showing in detail how plans might be made to avoid it.

A. E. Matheson presented the objections that might fairly be urged against Sunday newspapers. They were made up of valueless matter; they crowded out better reading, and they made necessary Sunday labor on the part of 250,000 men and boys engaged in their circulation.

Should Not Patronize Post Office. "Shall Christians Patronize the Post Office on Sunday?" was answered by F. J. Lamb, of Madison, in the negative. He pointed out how postal clerks were losing their Sundays through the impatience of a few men who will not wait for their mail until Monday morning.

Rev. B. T. Roberts, of Racine, was absent, and his subject, "Shall Christians Engage in Pleasure Riding and Visiting on the Lord's Day?" was assigned Rev. Dr. M. G. Hodge. Dr. Hodge said he did not question the benefit of a walk in the open air on Sunday, but said the need of a trip to the park or the woods seemed to be felt most by those who had not availed themselves of the walk to church and Sunday visits he felt were unjust to friends who were made to sacrifice their Sunday quiet to the effort of entertainment.

"How Fill the Day With Joy and Blessing" was a topic that made it possible for Rev. G. H. Trevor, of Milwaukee, to offer substitutes for the Sabbath indulgences that had been condemned by other speakers. Scripture games and the telling of Bible stories might help to appease restless children and for children as well as elders there were opportunities for many acts of charity and kindness.

A brisk discussion followed occupying the time until adjournment.

"How to Get Civil Officers to Do Their Duty as to Sunday Laws" was one of the principal addresses of the afternoon the speaker being Rev. W. McKay, Madison.

Association Is In Debt.

The report of the treasurer, D. A. Jones, of Milwaukee, was submitted late yesterday afternoon, and it showed that the association had handled \$750 during the year, and was in debt \$45, with an offset of \$20 unpaid dues.

Field Secretary Rev. J. B. Davison, of Milwaukee, reported for the executive committee, and said the Sunday Rest Day theory would heal the social ulcers of the nation. The field secretary has made 143 addresses; sold \$173 worth of literature; and distributed 50,000 leaflets, free. Out of 121 reports, 107 showed a decrease in Sabbath desecration, while only two reported an increase. The fact that the militia no longer went to Camp Douglas on Sunday, was quoted as a showing of the possibilities of the work. The association, he said, had made it possible for the Milwaukee clerks to win their fight with their employers. The Personal Liberty League had been formed to oppose the Rest Day Association, and therefore, the association needed the help of all Christian people.

Rev. J. S. Lean, of Racine, president of the association, then delivered his address. He said that the battle between the friends and the enemies of the Sabbath was at hand. On one side was greed, monopoly, the liquor sellers, anarchists and socialists. On the other side was the right. All good citizens should be on the latter side. He urged contributions and support.

Committees Are Named.

After President Lean's address, the following committees were appointed: On Finance—Rev. E. W. White, of Milwaukee; Rev. W. J. McKay, of Madison; Rev. A. H. Miner, of Madison, and E. M. Newell, of this city.

On Nominations—Revs. M. G. Hodge, E. H. Pence, H. A. Miner, W. J. McKay and A. H. Barrington.

At the evening session, Attorney J. H. Stover, of Milwaukee, told of the

Call soon and his opinion of your case will cost you nothing.

THE worst we ever heard. Yesterday a woman from another city was shopping around town for a cloak. She looked over all over, was in and out several times, and finally bought one. She said she was in one store and might have bought a garment there, but when they fell from \$35 to \$11 it nearly worried her sick, and she gave up in disgust. From \$35 to \$14, Oh, what a drop. But it's a common occurrence at that store, and works with some people. They like to be gulled that way. J. M. Bostwick & Sons.

We received this morning 115 new garments, being a sample which Mr. Simpson bought yesterday from a New York cloak manufacturer who had them on exhibit at the Palmer house, Chicago. These are late novelties and have not been shown before this season outside of the cities, and the fact that they are fresh from the factory and never opened except in Chicago, makes the purchase a most desirable one, as they are finished much better than garments on order and were produced to show to the State street trade. We own them subject to a discount of 33 1/3 per cent, and will offer them in accordance. In the line are a number of Empire jackets and some very beautiful cloth and plush capes. The nobly tight fitting coats in finer grades are well represented—Archie Reid & Co.

WOODARD SUES BURT TO COLLECT \$8,000

CLINTON BANKER BEGINS AN ACTION IN COURT.

Says the Man Whose Property Was Destroyed By Fire Owes Him that Amount—Burt Is Absent From the State—Blaze Said to Be incendiary Origin.

Following the mysterious Clinton fire, comes another chapter in the bringing of a suit by Attorney E. D. McGowan who is acting in the interests of A. Woodard the banker.

Mr. Woodard sues Giles Burt, the owner of the burned property claiming \$8,000 was borrowed at different times by Mr. Burt for which he gave his promissory notes.

It is said that nothing has been seen of Mr. Burt for some days. This alleged fact is one reason for the bringing of the suit.

Mr. Burt has always been respected, and held in high esteem by the citizens of Clinton, and it is said that his liberality to everyone has done much towards dwindling down what was at one time a fortune.

Clinton, Wis., Nov. 13.—[Special.]—Giles Burt owned both the barn and house that were destroyed by fire. The dwelling house was occupied by Dr. West and family, who lost nearly all of their household effects, with no insurance. The house is nearly a total loss, with no insurance. The hay barn and contents, were entirely consumed, and as Mr. Burt is out of the state, it is impossible to ascertain what the loss will be. The fire department did good work, and kept the fire from spreading to adjoining buildings. The fire originated in the hay barn, and was undoubtedly the work of an incendiary. The loss will reach several thousand dollars.

Sad Condition of a Man Who Was Found by J. T. Wright.

When men are wandering about the city without a pair of trousers, times must be hard indeed. J. T. Wright found a man in such a condition and after hearing his case he applied to City Missionary Mary Kimball who provided clothing for the unfortunate.

"Mr. Wright gave the poor man a blanket to put around him" said Miss Kimball in speaking of the case today. "Later two men who had neither underclothes nor stockings applied for help both of them being poor and having families dependent upon them."

FARMER AND TENANT AT ODDS.

Interesting Case Being Tried By Justice Richardson Today.

In Justice Richardson's court today the case of Paul Benson against Edward Wesby came to trial before a jury of six. Both parties reside near Clinton. Benson is the owner of a valuable farm and rented the same to Wesby, who has occupied it for three years, but refuses to vacate as ordered by Mr. Benson. Smith & Pierce are appearing in the interest of the plaintiff, while E. D. McGowan is appearing in behalf of Wesby.

DR. W. H. Palmer and Dr. E. F. Woods did not apply to the County Board for the payment of a bill that had already been paid as published accounts of the proceedings might imply. They presented bills for a post mortem and attendance at an inquest, not knowing that orders had already been drawn for them and were waiting at the county clerk's office. The Gazette makes this statement in order to "set the doctors right."

This was a slow process, and four or five hundred pins was a good day's work for a pin-maker.

The bodies, as well as the souls of the people need our compassion. Their temporal, as much as their spiritual condition demands our service, and in a hundred practical ways. In hospitals, as well as in churches, in food and clothing, as well as in sermons and sacraments, we must have compassion on the multitude.—Rev. Dr. Cart-right.

The three year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros., of that place; and they handle a great many patent medicines for throat and lung diseases. He had all these to choose from, and skilled physicians ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee streets.

I suffered for weeks with colic and pains in my stomach caused by biliousness and was forced to take medicine all the while until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured me. I have since recommended it to a good many people. Mrs. F. BUTLER, Fairhaven, Conn. Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee streets.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton, of Sutter Creek, Cal. "This cold left me with a cough and I was expectorating all the time. The Remedy cured me and I want all my friends when troubled with a cough or cold to use it, for it will do them good." Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee streets.

Musical Item.

Mrs. Chaffie has been making an earnest effort to have Johnnie taught to play on the piano, but he neglects his practicing so much that he makes very little progress. A few days ago, Mrs. Chaffie, who was upstairs, called down: "Johnnie, you aren't practicing your piece."

"Yes, I am," replied Johnnie.
"No, you are not. You haven't touched the piano in the last half hour."
"I have been practicing all the same. It was full of pauses, and I am practicing them over and over until I get them perfect."—Texas Sifter.

Stern Barriers.

O yes! she smiles at me,
You see,
And I smile back at her.
Yet when upon the street
We meet
A bitter thought will stir.
The fact is this: I'd woo
A new
Another maid more dear,
If I had all the rings
And things
I gave to her last year.

"I shouldn't wonder," replied his wife, coldly. "Enough of it will kill anything—even man."

Thereupon he went to the club to finish his cigar, as usual. — Chicago Post.

Her Idea of Happiness.

"I saw Mrs. Shopper going into an auction sale last Monday. Isn't her craze for bargains extraordinary?"

"Yes, indeed. I believe she would die happy if she knew she would be laid out on a bargain counter and be buried as a remnant."—Tit-Bits.

\$800 IN GOLD DROWNS A MAN.

At the burning of a steamboat on the Hudson river many years ago, many of the passengers were drowned. Among the bodies brought up from the bottom of the river by grappling was that of a man known to have been an excellent swimmer. Around his waist was a belt containing nearly \$800 in gold. That told the story.

"In old and chronic cases of indigestion (dyspepsia or gastritis)—it is all the same—the sufferer develops a great variety of symptoms and often dies—poisoned by the products of his own torpid and inflamed stomach. His food, instead of being digested, and so furnishing strength and physical substance, ferments and putrefies within him. The chief process of life is arrested at a vital point. The more he eats the worse off he is. And yet unless he can be fed he must also perish. People do so die, daily, by thousands, but we doctors seldom have the moral courage to save the cause its true name lest we should be laughed at for our inability to cure so simple a thing as indigestion. Simple? Why, it is the capstone of all complaints—and the mother of most of them."—So writes a famous English physician.

Some of the symptoms alluded to are these: Loss of appetite; distress after eating; heartburn and palpitation; giddiness; foul taste in the mouth; the rising of nauseous acids and gases into the throat; furred tongue; spots before the eyes; unaccountable weariness and fatigue; sluggish circulation; weakness and nervous prostration; constipation or diarrhoea; discolored skin, etc.

The sufferer's friends often advise him to cheer up; to throw off his lethargy and eat freely. Bad advice. He knows better. "No," he answers, "I cannot; my food does me no good." He is right. Food now is gold in the spent swimmer's belt.

Take light nourishment, followed immediately by a dose of the Shaker Digestive Cordial—a new and radical remedy discovered and prepared by the Shakers of Mt. Lebanon, N. Y.—the essence of medicinal herbs and plants cultivated by them alone. Then continue with it. Relieves at once and soon cures. Pleasant to the palate and adapted to all constitutions.

Trial bottles—which prove its merits—at ten cents. For sale by nearly all druggists.
